COMMERCIAL SERVICES · DUBAI

Technical work for offices and facilities.

AC, plumbing, electrical maintenance and defined MEP project enquiries for commercial properties across Dubai.

WHAT WE HANDLE

Service and project scopes

Send the site details, affected systems and access requirements. We review the scope and confirm the next step before work is approved.

- **Commercial AC diagnostics & service**
- **AC installation & replacement**
- **Ducted DX, package, VRF & VRV systems**
- **Multi-unit planned servicing & AMC proposals**
- **Electrical faults, distribution & fit-out**
- **Plumbing, water systems & fit-out**
- **HVAC installation and defined alterations**
- **Low-current and coordinated MEP work**

For facilities teams

Share the affected area, system or unit count, operating window and site access details. For planned work, include drawings or equipment schedules when available.

For project coordinators

Send the location, discipline, drawings or BOQ, programme and access limits. Scope, exclusions, price and timing are set out in the proposal.

Dubai service area

Offices and commercial properties across Dubai, including Dubai Internet City, Dubai Media City, Dubai Design District, JAFZA and Dubai Airport Freezone. Other Dubai locations can be discussed.

SELECTED PUBLIC WORK

Evidence from dated site updates

First-party public photos

IN PROGRESS · 22 OCTOBER 2026

Rooftop HVAC · G+10 building

Rooftop unit positioning and equipment fitting/assembly. Installation in progress as of 22 October 2026.

COMPLETED WORK · 23 OCTOBER 2026

Office pump replacement & tank work

A rusted, non-working water pump was replaced; the water tank was cleaned and sanitised.

How to request a proposal

1. Send the Dubai location and property type.
2. Describe the system, quantities and required work.
3. Attach drawings, BOQ, equipment details or photos if available.
4. Share access limits and required programme.
5. Hala Fix reviews scope and confirms next steps. Work begins after scope and price approval.

Workmanship & assurance

Completed work carries a 30-day workmanship warranty on the work performed. Proposal-specific project, supplier and replacement-part terms are confirmed in the approved proposal.

Discuss a commercial requirement

Send the site location and available scope information. Call for an urgent fault; use WhatsApp or email for drawings and planned work.
